

MEMBERSHIP FEE STRUCTURE

City Swim Project (CSP) is not a traditional competitive swimming organization. Our mission is: To make a positive impact in diverse communities by providing safe access and a supportive environment for the sport of swimming. Our services are available to families of all income levels. However, the priority of CSP is to provide financially challenged families access and opportunity to all levels of the program by making our services equally affordable for all. Our annual membership fee structure is based loosely on the philosophy used by the Internal Revenue Service (IRS) tax brackets. *A Household's Adjusted Gross Income (Line 11 of IRS Form 1040) will determine what bracket a member's fees will be.* The cost of each level in a bracket falls within an established percentile range based on the AGI.
