

## MEMBERSHIP FEE STRUCTURE

Services are available to families of all income levels. The priority is to provide financially challenged families access and opportunity to all levels of the program by making services equally affordable for all. The annual membership fee structure is based loosely on the philosophy used by the Internal Revenue Service (IRS) tax brackets. *A Household's Adjusted Gross Income (Line 11 of IRS Form 1040) will determine what bracket a member's fees will be.* The cost of each level in a bracket falls within an established percentile range based on the AGI.
